**Advantages Of Vida Clinic's School Mental Health Centers**

- We partner with school counselors to build a system of care for our youth where families and educators are involved in the healing process.
- We get clients in for services quickly.
- We work with youth and adults.
- We destigmatize mental health issues on school campuses.
- Parents do not miss work to take students to therapy.
- Students miss minimal school to attend sessions.
- Services are provided year-round.
